

Aseptic Technique and Microbiology (Virtual Lab)

15 September 2020, Tuesday

Join [Dr Gurion Ang](#) from the [School of Biological Sciences](#) and other laboratory technicians and teachers across the state in ZOOM-land for an evening of live learning. Re-visit aseptic technique and microbiology, and get ideas for how you might support senior biology students in their Unit 2 Mandatory Practical.

Program

4.15pm PD commences

5.15pm Announcements and upcoming events

5.30pm Open consultation for anything and everything related to scientific writing and publication

Registration

Please use this [registration link](#). There is no cost for this PD session.

Registrants will be provided with joining instructions, including the ZOOM link. EQ staff should note that in some schools ZOOM is blocked on the EQ server. It is recommended that you attend this PD from home or in a host non-EQ school.

BYO food and drink.

After the PD, all registrants will receive resources and a PD certificate (for 3 hours).

For all queries please contact Dr Gurion Ang (gurion.ang@uq.edu.au or 07 3346 4129).
